

2020 | Raw Bar Vinho Verde

Region/Appellation: **Vinho Verde**

Varietal/%'s: **35% Loureiro, 35% Trajadura, 30% Arinto**

Alcohol %: **9.5%**

Acidity: **6.2 g/L**

Residual Sugar %: **2%**

Vinho Verde, lighter and more refreshing, is gaining in popularity all over the world. The Trajadura and Arinto varieties give it body and length, as well as aromas of apple and grapefruit.

The Loureiro variety confers it a floral and aromatic herbs expression, bringing a lively, fresh character, well suited to it having a slight touch of sparkle.

This wine is produced with carefully selected grapes from the best vineyards of the Vinhos Verdes Region.

The grapes are pressed at low temperatures and the must is then clarified and fermented at controlled temperatures (12 to 14°C). Before bottling, the wine is filtered and cold stabilized.

Bright yellow in color with a slight effervescence, this unique white blend has excellent minerality. Notes of citrus, orange blossom, and acacia on the nose, lead to zesty flavors of apple and pear on the palate with pleasant acidity and lingering finish.

Enjoy with spicy, fish tacos or ceviche, fruit salads, or other light recipes that feature summer herbs like basil, cilantro, or rosemary.

Just Wine Points - **96**
Tastings - **89**, Highly Recommended, Best Buy, Silver Medal
